Cover Girl

A young woman with long, wavy brown hair is the central figure. She is wearing a teal-colored crop top with a floral pattern of pink and white blossoms. Her right hand is raised, with her fingers resting on her head, and she is wearing a ring on her ring finger. The background is a soft, out-of-focus natural setting with green foliage and a hint of a body of water under a warm, golden light.

Don't wait for an
opportunity to make a
difference, create one!
That is my motto in
life. I believe you
should make a
difference wherever
you go. I love to sing,
act and model but
school
always comes first as
your
education is the
most important thing
you will work for.

What makes me a Bonton girl?

I always go with the flow and enjoy making the best out of any situation. I like to smile and I love to make others smile whether it is making silly faces, telling silly jokes, or giving hugs! I like to draw anime. I like to support my sister who has CP through all her procedures she has to go through to try and get better. My eyes change colors depending on what I wear which I think is pretty neat!

Hello! Let me introduce myself. I'm Elina. I live in Ukraine and I'm 11 years old.

I'm a charismatic, cheerful, energetic, sincere and friendly girl.

I go modelling professionally and now I am a successful photo model. It's easy to recognize me because I beautify the pages of famous glossy magazines and I shoot in commercials for top brands. I attend the MARGO model school. In addition to modelling, I enjoy choreography, acting and video blogging. At last, I'm a winner of a lot of awards and more than 200 prizes in various contests.

I think what makes me a BonTon girl is that I am always having fun and making the best out of the situation given. I love to be on the mat doing all-star cheerleading and I love to be in front of a camera showing how fierce I can be as well as having fun and feeling beautiful.

Favorite Quote- A dream doesn't become reality through magic. It takes sweat, determination and hard work.

“youth is something I never want to take for granted. I just want to smile and love life” - Tyler The Creator
Why I should be a Bonton girl is because my vibe and aesthetics fit with those of Bonton. I love fashion and trying very different and funky pieces that most people wouldn't even dare to put together. I notice that in modeling most models are put in things that almost everyone wouldn't wear and I really like that. That's what originally got me into modeling but I soon started getting really into doing photoshoots. Modeling to me, has really helped me become more confident and has helped me in my journey of self love.
